

CRITICAL CARE FLIGHT SCHOOL

What goes on after the doors close and the skids leave the ground?

Anatomy Lab

Utilizing lectures, scenario training and hands-on training with the same equipment used by Lifeteam crews, you will gain insight as to what occurs during an aeromedical transport. Materials will cover both rotor wing and fixed wing transports. Actual flight time will be experienced in a Bell helicopter.

When:

February 22nd - Registration begins @ 1200
Class begins @ 1500
Class ends February 24th @ 1800

Have you wondered what it would be like to care for patients in the exciting world of aeromedicine? You now have the opportunity to experience what goes on, when the tones go off. LifeTeam is pleased to sponsor our Critical Care Flight School.

Fixed Wing Flight Operations

"This by far has been one of the best schools I have been to. Very well organized and everything flowed from one thing to another with ease. Everyone of your staff should be proud. You made all of us feel welcome and made sure if we had questions, they were answered. I can't say enough. Great Job LifeTeam!!!!"

Mike Fields, RN

"Many, many kudos to the LifeTeam Crew. What a deal. Super variety and hours. You do this with heart and make it fun. Thanks a bunch!"
